Pvt. Carroll Goodridge Writes That Soldiers Are Busy.

The following extracts are taken from a letter received by Mr. and Mrs. Lee Short from their nephew, Private Carroll Goodridge, with the A. E. F. in France:

July 28-31.

If anyone asks you anything about it, you can tell them that we have been more than busy for the past two weeks. Some of the time it would be 60 to 72 hours with but one meal, and not any sleep. Then again, we would get a chance to roll up in our blankets in a wheat field for a few hours to sleep. One night last week we were out in the worst thunder storm I ever saw. It was so dark we could not see a single thing, but we did our work all right without any mishaps. I see Henry Drew nearly every day. Haven't seen Errol for quite a while, but think he is near us. I saw John and Jim last night; they are looking fine.

Dandruffy Scalps Lead to Baldness

If you have dandruff you must get rid of it quick—it is positively dangerous and will surely ruin your hair if you don't.

Dandruffy heads mean faded, brittle, gray, scraggly hair that finally dies and falls out—new hair will not grow—then you are bald and nothing can help you.

The only sure way to abolish dandruff for good is to destroy the germ that causes it. To do this quickly, surely, and safely and at little expense, there is nothing so effective as Parian age, which you can get from E. A. Brown & Co., and good druggists everywhere. It is guaranteed to banish dandruff, stop itching scalp and falling hair, and promote new growth, or the cost, small as it is, will be refunded.

Parian age is a scientific preparation that supplies all hair with a special antipruritic liquid, neither sticky or greasy, easy to apply, and delicately perfumed.

If you want beautiful, soft, thick, lustrous hair, and lots of it, by all means use Parian age. Don't delay—begin tonight—a little attention now insures abundant hair for years to come.—Adv.
